

SEA-Tank Terminal

Member of the SEA-invest Group

SEA-invest

SEA-invest is one of the world's largest terminal operators for dry bulk, fruit & food, breakbulk, liquid bulk and containers. Today, the group has established a worldwide reputation in the field of stevedoring, transport, warehousing and other port related activities. SEA-invest is active in no less than 25 ports spread across two continents and is integrated in a great number of industries. Combined with its proximity and connectivity to both, the producer and the end destination, SEA-invest has become a crucial link in its customer's supply chain.

SEA-Tank Terminal is a subsidiary of SEA-invest that takes care of all liquid bulk activities of the Group.

SEA-Tank offers state-of-the-art storage and handling infrastructure for mineral and vegetable oil products, liquid fertilisers, molasses, fish oil, biofuels, oleochemicals and chemical products. The total capacity of our terminals amounts to 3,400,000 m³.

Different types of tanks (including mild steel, stainless steel, insulated and heatable, floating roofs, tanks suitable for kosher products, tanks with nitrogen...) and sizes (ranging from 200 to 60.000 m³) are available for our customers. Our tanks are equipped with dedicated product lines and pumps to avoid any contamination.

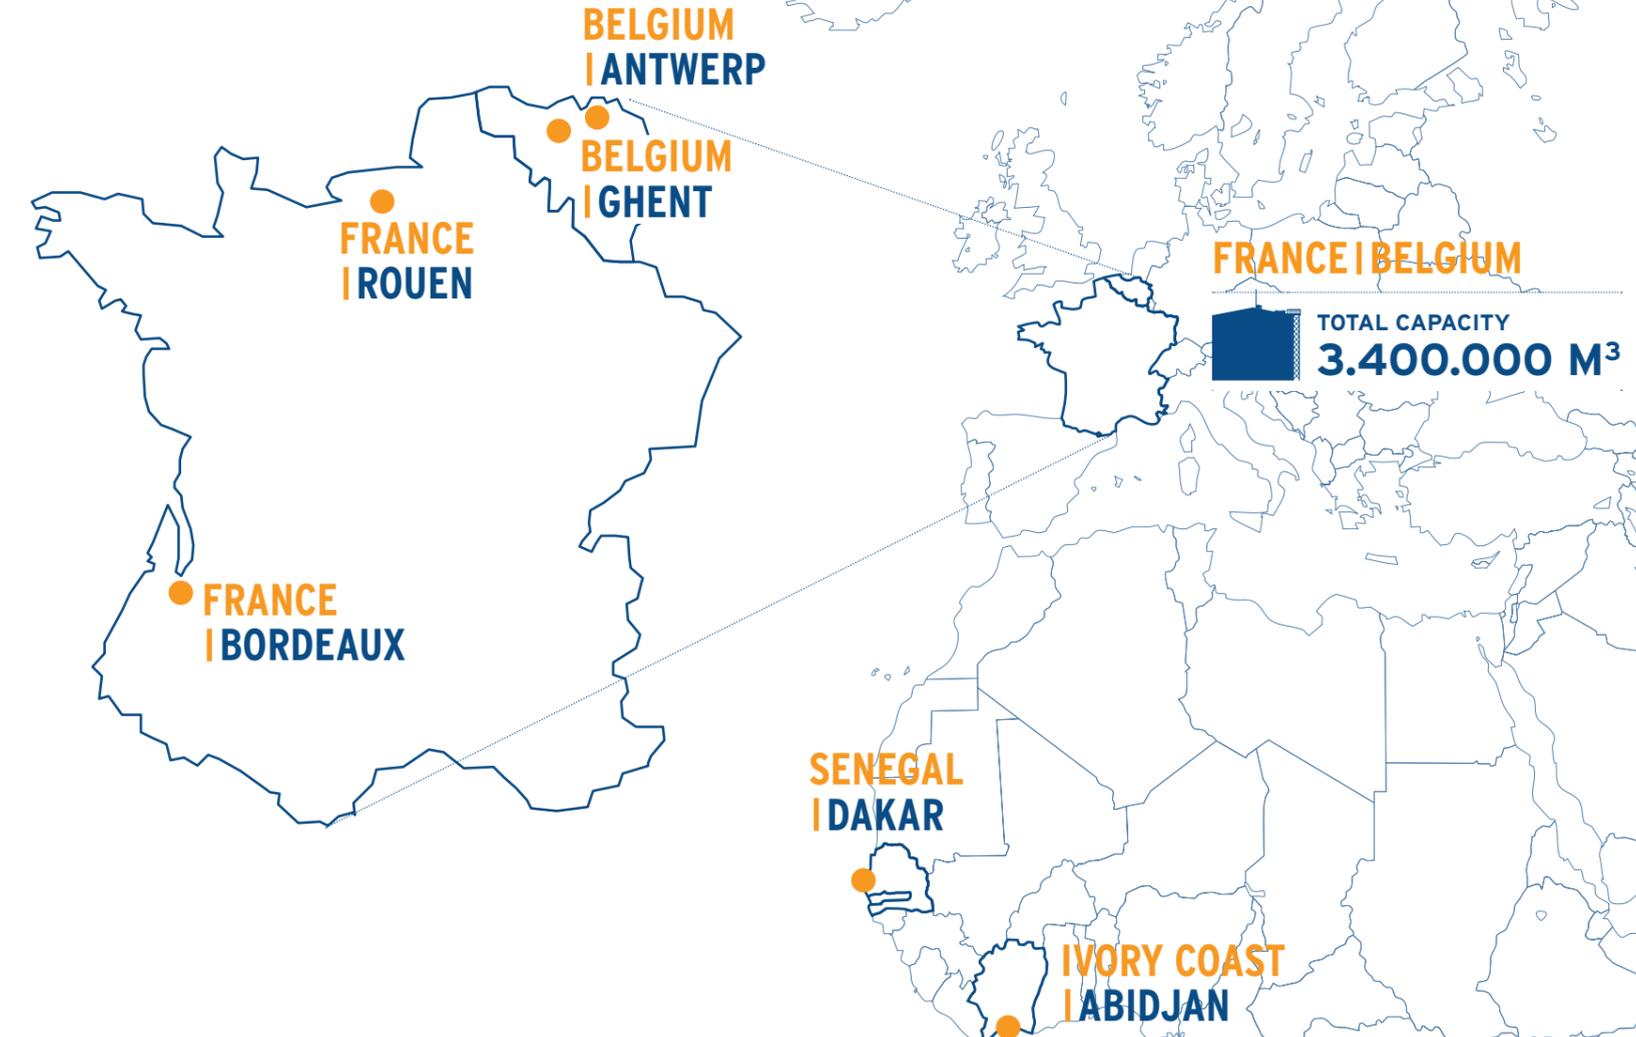

Offered services:

- ▶ Ship to ship transshipment
- ▶ Drying
- ▶ Mixing
- ▶ Blending/homogenizing
- ▶ Heating and nitrogen blanketing
- ▶ Truck loading facilities
- ▶ Customs and excise bonded storage
- ▶ Drumming

Additionally, we offer our customers the possibility of long-term co-operation or partnerships enabling the development of tailor-made and fully dedicated tank parks and terminals. For the latter we can count on our in-house engineering team.

SEA-Tank Terminal

SEA-Tank Terminal is an independent and neutral tank storage operator, not involved in trading activities, and is located at the following seaports in Belgium, France, Senegal and Ivory Coast.
