# DEVELOP THE ROBOTIC WORKFORCE OF THE FUTURE

The way we all work is changing dramatically. Do you want to be at the forefront of new technologies and implement software robots in various companies in Belgium, the Netherlands, Luxemburg, France and beyond? Help us to improve the job satisfaction of our customers' teams by automating boring, repetitive tasks with Robotic Process Automation and Artificial Intelligence. Join Robonext and let's start building these robots!

Do you fit our ideal profile?

- You can code and are willing to learn a lot
- You like to interact with various customer teams (EN, NL and/or FR)
- You are interested in RPA and AI
- You are flexible and take ownership of your work
